Jose Cardona

II. Purchasing Instructions

A. Award Description

Awarded bidders have been pre-qualified to participate in spot market purchases.

B. Quotation Directives

- Group 1 Purchase of Generators and OEM Parts
- Group 2 Repair and Maintenance Services

1) Contract Instructions (Re: ITB Section 2, Paragraph 2.6)

Pre-qualified bidders within the required group will be invited to offer a fixed price and a firm delivery time for the specific items or services. It will be the County's prerogative to contact all the pre-qualified bidders in the required group to request a quotation, use a rotating system to request quotations from a number of pre-qualified bidders, invite bidders based on specific requirements for the acquisition of specialized repairs, or to request quotations from the pre-qualified bidders for a specific brand/make within a group. The pre-qualified bidder offering the lowest fixed price on the total amount of the order shall be awarded the order. For items either delivered by the bidder or picked-up from the bidder by authorized County personnel, the availability of the material, geographic location, and/or delivery time may be utilized as deciding factors for the basis of an award to a bidder when it is determined by the County that a project is time sensitive or it is an emergency situation.

AWARD SHEET SUPPLEMENT
CONTRACT NO. 4227-5/18-1 Portable Generators - Prequalification

The County may require specialized repairs for large generators, complex assemblies, equipment located in sensitive or secure areas, equipment under warranty, or equipment representing a large investment of County funds. When a County department determines that a specialized repair is required, it may survey and evaluate the pre-qualified bidders in the required group based on the specialized repair requirements. The survey may include and evaluate the following items: repair shop equipment, established technique, testing equipment, repair shop and repair personnel use of available technology, repair shop manufacturer approved certification, repair personnel and repair shop specific experience and certifications, repair shop positive past performance, and repair personnel security clearance. The survey and evaluation will determine which pre-qualified bidders will be included in the quotation process for the specialized repair.

2) Cone of Silence

Pursuant to Section 2-11.1(t) of the County Code, all ITB's are subject to the Cone of Silence.

3) Preferences

The Bid Preference shall be applied first to the offers received from certified Micro/SBE bidders. A Micro/SBE bidder must be certified by the Sustainability, Planning and Economic Enhancement Department for the type of goods and/or services the bidder provides in accordance with the following Commodity code(s) (285-37). The following link may be accessed to verify if a firm is a Micro/SBE bidder http://www.miamidade.gov/sba/library/certify_all_by_firms.pdf

For contracts valued over \$1 million, an SBE Preference of 5% is applied to a SBEs offer (for the purpose of evaluation ONLY). For contracts valued up to \$1 million, an SBE Preference of 10% is applied (for the purpose of evaluation ONLY). If the SBE is the responsible, responsive low bidder following the evaluation process, the price that the county will pay the awarded firm is the original price offered (excluding the 5% or 10% evaluation factors).

Local preference should be applied in accordance with Section 2-8.5 of the Miami Dade County Code (<http://library.municode.com/index.aspx?clientId=10620&stateId=9&stateName=Florida>) at the time user departments request quotations from the pre-qualified bidders. When a responsive bid from a Miami-Dade local business is within 10% of the lowest price submitted by a responsive non-local business, the local business and the non-local low bidder shall have the opportunity to submit a best and final (BAFO) bid equal to or lower than the amount of the low bid previously submitted by the non-local business.

AWARD SHEET SUPPLEMENT
CONTRACT NO. 4227-5/18-1 Portable Generators - Prequalification

Preference in the award of Miami-Dade Housing Agency requests for quotes under this contract will be provided in accordance with Section 2, Paragraph 2.29.

C. Delivery / Pick-up (Re: ITB Section 2, Paragraph 2.17)

For group 1 all parts purchased shall be delivered or be ready for pick-up by an authorized County personnel within the calendar days stated in the request for quote (RFQ). Bidders must be able to provide same day delivery for stocked parts and an acceptable delivery time for special ordered parts from manufacturer's stocks. Failure from the bidder to deliver parts within the required days specified in the RFQ may result in the cancellation of the order.

For group 2 the completion date for repairs shall not exceed the number of days stated in the RFQ unless mutually agreed in writing between the bidder and County. Failure from the awarded bidder to complete the repair or maintenance within the require number of days stated in the RFQ may result in the cancellation of the order. If the County exercises its authority to cancel the order it may request payment from the bidder through Invoice or credit memo for any additional costs over and beyond the original quoted prices incurred by the County from having to secure the service elsewhere.
